Aspiring programmer currently pursuing graduation at BZU Multan with a focus on coding, computer science, and technology. Enthusiastic about becoming a professional programmer skilled in both front-end and back-end development. Passionate about exploring AI applications and internet surfing related to programming.

## EXPERIENCE

JAN 2024-  
SEP 2023

### PROGRAMMING INTERN, CODEX SOLUTIONS

Engaged in various coding projects, focusing on both front-end and back-end development. Collaborated with the team to implement efficient and innovative solutions.

JAN 2022-  
TILL NOW

### WEB DEVELOPER, TECH WIZARDS

Designed and developed responsive websites, ensuring optimal user experience. Utilized coding skills in HTML, CSS, and JavaScript to create visually appealing and functional interfaces.

## EDUCATION

JUNE 2024

### BS COMPUTER SCIENCE. BZU MULTAN (PAKISTAN)

Received recognition on the Dean's List for maintaining a high-grade point average and demonstrating exceptional academic achievement in coding, computer science, and technology courses.

JUL 2020

### ICS. GOVT. POST GRADUATE COLLEGE KOT SULTAN

The student was recognized as the Most Outstanding Student of the Year.

## SKILLS

- Robust understanding of coding languages, algorithms, and software development principles
- Meticulous attention to detail and accuracy in coding, debugging, and version control
- Exceptional communication skills, adept at conveying complex technical concepts verbally and in writing
- Proficient collaboration abilities, fostering effective teamwork with fellow programmers and project stakeholders

## ACTIVITIES

Active participant in coding communities and programming organizations, contributing to various volunteer initiatives and networking events focused on advancing the role of programmers in the technology sector.
